LEXINGTON PARK AT RICE FIELD

AN EXTRAORDINARY URBAN NEIGHBORHOOD

LEXINGTON LUXURY BUILDERS LLC

LEXINGTON PARK

At Rice Field

THE HERITAGE TOWNHOMES

THE TOWNHOME

- > Richly detailed custom trim and millwork throughout including solid core doors, crown moulding, 6" décor base moulding, site-built fireplace mantle and extensive casings
- > *Shaw Green Edge* eco-friendly flooring packages including authentic oak hardwood floors installed extensively throughout the home and *Green Edge* eco-friendly *Frieze* carpet
- > Home wiring solutions including RG-6 digital television and CAT-5 telephone with numerous outlets throughout, a doorbell/telephone system interface at Front Door so approaches to your home may be monitored with optional audio or video solutions
- > Sophisticated alarm system with multiple programmable keypads, system coverage for all windows and doors, multiple motion sensors and carbon monoxide detectors is included
- > Ample use of recessed can lighting throughout coupled with richly upgraded decorative lighting fixture packages creates a warm inviting ambiance throughout the home
- > Bathrooms feature porcelain or upgraded ceramic floor and wall tiles, custom-built vanity cabinets, oversized *Jetta Whirlpool* bathtubs, solid granite countertops, lavish hardware and plumbing fixtures and beveled mirrors

- > Custom staircases by *Arrowhead* with authentic solid oak treads and hearty oak handrails are complemented by elegantly painted stair skirts and risers
- > *Dimplex* electric fireplace with built-in *Purifire™* air treatment system, the world's first integral air filtering electric fireplace

THE KITCHEN

- > Custom Kitchens, professionally designed for epicureans, feature spacious 10 foot ceilings, oak hardwood floors and professionally planned storage solutions including expansive Pantries
- > Designed with custom cabinetry, period-correct architectural details and enhanced millwork, the Kitchen boasts a large center island, solid slab granite serving bars and countertops with a double basin (60|40s) undermount stainless steel sink and *Milano* Satin Nickel, low-consumption, single handle pull-out faucet
- > Spanning from the granite counters to the custom 42" upper cabinets, are full height tile backsplashes with custom detailing and authentic *Subway Tile*
- > Ambient lighting is amply provided by recessed can lights, while countertop task lighting is served with well-placed under-cabinet lighting

- > Kitchen accent lighting is provided by a brushed nickel pot rack with built-in lights above the center island while decorative pendant fixtures light Serving Bars
- > Upgraded *Energy Star* qualified appliances include *Frigidaire 30" Stainless Steel Gas Range (#GLGFZ386DC-SS)*; *Frigidaire 30" Stainless Steel built-in Microwave oven (#PLMVZ1699DC-SS)*; and, *Frigidaire Stainless Steel Dishwasher (PLD2855RFC-SS)*

THE MASTER SUITE

- > Encompassing the entire 3rd floor, Master Suites are nestled creatively under the roof, creating architecturally sloped ceilings for design interest, while providing expansive views of the surrounding area
- > Luxurious Master Baths boast lavish plumbing fixtures by *Georgetown* and *Langdon*, wet areas with oversized *Jetta Whirlpool Tubs* and large separate tiled showers
- > Separate vanity areas feature custom cabinetry, solid slab granite countertops, *Toto* sinks, designer matching lavatory faucets and custom framed, beveled-mirrors by *DeNunzio*
- > Magnificently oversized master closets, atypical for townhomes, featuring custom built-ins, shelving, shoe racks and provisions for out-of-season storage are standard

LEXINGTON PARK

At Rice Field

THE HERITAGE TOWNHOMES

THE GREEN FEATURES

- > Low-impact, sustainable, pedestrian-friendly neighborhood and first-of-its-kind, entirely Green-Built residential community in Plano
- > Designed Green from inception, Lexington Park's low-impact site plan design utilized Mews Streets, reducing pavement by 30% from ordinary neighborhoods while additionally maximizing sunlight in the townhomes
- > Each home is being certified by *Green Built North Texas*, *NAHB Green* and *Energy Star*, including *Energy Star's Indoor Air Quality Package* and *Advanced Lighting Package*
- > Lexington participates in the *NAHB Green* program, is a member of *Green Built North Texas*, is an *Energy Star Partner* with the EPA and Lexington's officers are *Certified Green Building Professionals*
- > Exceeding *Energy Star* stringent benchmarks, each home includes an *Energy Star Indoor Air Quality* package for healthier indoor living environments, and an *Energy Star Advanced Lighting Package* for even higher energy efficiency
- > Xeriscaping for low water consumption, has been professionally designed by a licensed landscape architect, for all homes, parks and greenbelts at Lexington Park

- > Lexington Park's professionally designed Landscape Plans are available as a download from our website
- > Lexington uses locally procured building materials to minimize delivery fuel consumption and reduce our carbon footprint
- > Engineered lumber products were used in framing Lexington Park to minimize impact on mature growth forests
- > Oriented Strand Board (OSB), made from small particle lumber material & waste, was used for subfloors, roof decking and exterior sheathing
- > Lexington employs a strict job site *Recycling Policy*, that even includes provisions for recycling lumber waste into landscape mulch
- > Each home is insulated with high-efficiency *Green Fiber Cocoon* recycled cellulose insulation
- > *Tech Shield Radiant Barrier* roof lining affixed on underside of entire roofing system significantly reduces attic temperatures
- > *DuPont Tyvek Homewrap* completely seals entirety of exterior structure
- > *Marquee* double pane insulated windows, with Low-E Coatings, are standard throughout

- > Professionally designed, multi-zone heating and air conditioning systems with full return air ducting, *Lennox 14-SEER* high-efficiency R-410A Condensers, 80% AFUE efficient furnaces and *Honeywell TH-6110* digital programmable Thermostats are standard
- > *Rinnai Forever Hot* continuous, tankless gas water heaters, far more efficient than ordinary water heaters, are standard in every home
- > *Energy Star* qualified appliance packages, which include Frigidaire Stainless Steel appliances, are standard in every home
- > Lexington employs the highly-efficient *PEX* hot and cold water plumbing distribution system, along with low-consumption faucets and fixtures to significantly reduce water consumption
- > Green at Lexington Park isn't limited to energy efficiency alone. Lexington transcends industry standards by including Shaw Green Edge wood floors and Green Edge carpet throughout
- > State-of-the-Art safety features at Lexington Park include Carbon Monoxide Detectors and Fire Sprinkler Systems
- > *OptiFlame* revolutionary electric fireplaces, which produce zero local emissions, are standard in every home

LEXINGTON PARK

At Rice Field

THE HERITAGE TOWNHOMES

THE EXTERIORS

- > *Heritage Architecture* was utilized to appeal to the aesthetic and blend seamlessly into the *Haggard Park Historic Neighborhood of Downtown Plano*, while Green design principles were employed in designing the Heritage Townhomes to minimize impact on the environment
- > Spectacular one-lite *Marquee* double-hung windows maximize warm natural sunlight
- > The Lexington Park Heritage Townhomes have earned *Certificates of Appropriateness* from the *Plano Heritage Commission*, qualifying these homes for consideration for substantial annual property tax discounts
- > *Xeriscaping*, with acclimatized plants, has been professionally planned by a licensed landscape architect for low water consumption
- > 2 car garage, with remote opener, is vapor sealed to prevent penetration of chemical, gas and odor intrusion into your home
- > *Atlas Pinnacle* premium architectural roof shingles, with an architecturally appealing deep shadow-line and 35 year transferable warranty
- > Full automatic lawn sprinkler systems, gutters and underground drainage are all included
- > Period sensitive street lights, sign posts and decorative cast aluminum mailboxes

THE ENGINEERING

- > Firewalls between townhomes are insulated for increased privacy, soundproofing and fire safety
- > Engineered silent floor framing system with upgraded 1 1/8" heavy OSB subfloor
- > *Carbon Monoxide Detectors* to protect your family's health and safety are installed on every level of Lexington's homes
- > Technologically advanced wiring systems for communication and entertainment applications include 4-pair twisted digital *CAT-5* telephone wiring, in a hub and spoke commercial style wiring system, with an optional telephone entry interface system
- > Also installed is high-quality shielded digital *RG-6* video wiring to efficiently deliver the available *Verizon FIOS* services we installed at Lexington Park, in addition to delivering satellite, cable and broadband television

HOMEOWNER SERVICES AND WARRANTY

- > Access *Lexington's Homeowner Services and Warranty Administration* departments 24/7 via internet and *Lexington's Homeowner Services Team* answers the phone 24/7
- > Lexington's technologically advanced *Home Profile Warranty* and *Customer Service* systems are powered by *AxisPointe*

- > Lexington's Warranty, which is independently administered by *AxisPointe*, provides Buyers streamlined, efficient customer service and warranty coverage which includes:
 - One-year for workmanship and materials;
 - Two-years for plumbing, electrical, heating, ventilation and air conditioning systems;
 - Ten-years for major structural components
- > Access your entire *Home Profile* including records of the materials, products and specifications installed in your new Lexington home 24/7 on the web, and submit service requests 24/7 on the web and track the service process through completion
- > Lexington's Buyers perform a professionally conducted *Pre-Closing Inspection and Orientation* with the Lexington/AxisPointe Team
- > In addition to the *Pre-Closing Inspection and Orientation*, sophisticated buyers who purchase Lexington homes prior to completion benefit from an on-site *Pre-Construction Orientation and Periodic Site Inspection/Presentations* with Lexington's Project Manager or Officer
- > Lexington's homes are inspected multiple times during construction by independent inspectors, to verify each home's compliance with *Energy Star* and *Green Built North Texas* stringent requirements for energy efficiency and building envelope integrity
